**CHARMING TO COLOR AND TO READ!**

This is a coloring book you can read! The author is the same one as Color Me Cluttered. Drawings are full detail with the addition of inspirational words and phrases by Barbara Ann Kipfer.

The artwork and the words integrate very well, and the titles for each page are intrinsic to the page design. Once again there are fun things to find: cats and dogs, lost shoes, and glasses. there are countrysides and cityscapes, sunrises and sunsets and even a bubblebath! You can design labels in a pantry and spend the afternoon with a pile of hawaiian shirts. colored pencils work very well on this strong paper stock and the pages are perforated for framing or scanning. (the drawings work if scanned into a device and can successfully be colored electronically). this is another delightful book from an artist with an eye for interesting stuff, and the addition of the co-author's text to meditate on makes this a good book to share with people who are a bit stressed. i wish i could give it 10 stars!

High quality content in a high quality book

By Carolyn

I received this today, and absolutely love it. The drawings are fun and detailed just enough to be a pleasure to color. Each page has a theme, complete with inspiring words from Barbara Ann Kipfer---things to love about Spring, Autumn, bath time, holidays, breakfast, etc. I consider it a gratitude list for all the simple pleasures a home can bring. All on one sided, perforated, high quality paper.

Great drawings, fun to color...

By M&M

This is the second coloring book I have from Durrell Godfrey and I love them both. The drawings are simple, whimsical, and well-drawn. Both books (the other one is Color Me Cluttered) have very appealing drawings that are fun to color. All pictures are single page and blank on the back so you're not coloring on both sides of the paper. It really annoys me when scenes are drawn across two pages making it impossible to tear out a page without messing up other pictures. Highly recommend.
