1 of 1 people found the following review helpful.

The human brain

By Buffy M.

This is a fascinating subject and the minds of humans in general intrigue me quite a bit. I purchased this book after I completed another book on the subject

6 of 9 people found the following review helpful.

not impressed

By Amazon Customer

just codes not what I thought I was looking for . thank you will try again . for coding this is good for understanding and diagnosing not so good

2 of 3 people found the following review helpful.

Interesting

By Linda De Vries

Although this book was written a very long time ago there was surprisingly many aspects still relevant for this day in age.
