Glad I purchased this.

Excellent resource for teachers of ESL. I have used these with school-aged children and retirees, and both

groups responded enthusiastically.

Not appropriate for newcomer ESL students.

By Tegan Henry

This was not at all what I expected. When it said EASY, I expected basic vocabulary, picture clues and conversational grammar. Most of the puzzles in this book would challenge native English speaking adults. I wanted something fun for my ESL 4th graders, but this is not the right resource for English language learners at all.

Excellent Value!

By GMAC10

A great vocabulary builder and a fun way to review more complex grammar such as irregular past participles, phrasal verbs and context collocation. Many hours of activities. A bargain for the price.
