FRENCH. PRACTICE FOR PERFECTION BY ANTOINE PELLETIER PDF

Practice For Perfection is the key to success when learning French. The language itself is easy to learn and to assimilate since it is an organized language that does not require the memorizing of an endless number of expressions or idioms. French is endowed of a set of rules that are easy to follow and apply. In this book, we have addressed subjects that will assist you in conjugating verbs, using nouns, pronouns, adjectives and adverbs and in constructing sentences. We have also touched on subjects that may be of interest to people who intend to move to or to do business with France. The topics of Business French and Legal French are broached adequately for a new comer to the country. Throughout the book, we have chosen a series of sentences and expressions used in the day-to-day life of a French-speaking person. Whether you wish to apply for a job, to reside or to do business in France, you'll find your basic answers in this book. Self Immersion is the learning method we advocate in this book which is a learning system that does not require the assistance of anyone but your good self and your brain. We encourage you to keep it simple and have fun learning French!

Excellent Resource for Learning French!

By Meow Meow Kitty

Excellent! Truly a book that understands memorization is not the key but rather practice when studying a language. Using organization, this book gives one the tools to study French on one's own. Don't fill out useless charts and depend on the memory. Use the rules and apply them as you use the language to learn the language. One thing I have learned is one should , "Speak French in order to learn it". Thankfully this book uses subject matter relevant to my age and interests, avoiding the use of childish stories and pictures. I may be on a beginner level, however, it does not mean I want to read books the first graders are reading. Not only this, I am learning words the French truly use and not overused "fluff" jargon. After concluding the book, a noticed a difference and improvement in my sentence construction and vocabulary usage. Truly a gem for travel--I can now communicate and speak true French. Thank you for the insight and glimpse into real French life. Can not wait to experience this in person next month! 5/5 stars!

Not a winning way to learn French but great for grammar.

By Vic Larson

I might just as well bought the paper back copy. There is no audio at all, no index showing what page you can find a particular subject. You would be much better off to buy Living Language French, which has it all, grammar, audio, games, etc. It is very difficult to buy the perfect book for learning a language, but the e-edition of Living Language comes close to perfection.

I'm revising my review. As i said above, this book is not for learning to speak but it is excellent for reviewing grammar. Recently I took another look at this and was greatly surprised how good it is for grammar review. You can immediately learn all conjugations of verbs right from the start. Because of this, I would have to say I was wrong with my initial negative response.

This is a useless book

By N. Woodruff

This book has so many mistakes in it--in terms of grammatical rules, verb tenses, etc.--that I can't begin to list them all. it says that the same verb tense should be used throughout a paragraph of writing in French. Hogwash! What makes French so fascinating is how many verb tenses there are and how using them correctly conveys your true meaning--better than English! Also, when conversing with a native French speaker, you can really impress him or her by your knowledge of which verb tense to use and when. This book doesn't even mention the conditional, which is used very frequently by French speakers! Instead, it uses the subjunctive, incorrectly, in place of the conditional. I really thought this would help my French advance by leaps and bounds, but I find it useless. "Archi-nul!" as they say in French. This book is misleading and teaches incorrect French. I wish I had never ordered it.
