Humorous and informative but many typos

By R V

Great review on a wide variety of topics. The humor alleviates some of the tension associated with board reviews. I prefer this over Swanson's and Mometix which I've used in the past. 2 reasons I took away a star:

1. It was delivered the first week of October which is 3 months past the expected delivery date of mid-July 2. A lot of typos which is disappointing considering they had 3 extra months before delivering this edition.
