Not what I expected

By Martin Cubau

I really like Greg Koch and his work but I was expecting something different from this book. I expected a book with furious rooted blues rock tricks that would also include those famous signature intervallic sounds that Greg does so well.

To me this book has a sort of fusion, jazzy orientation that is not what I was looking for from Greg.

Still, the book contains lots of useful tricks and tips that have served me well. Great hybrid picking techniques, travis sounding licks that are great to know.

Great concepts, interesting teaching style

By C. Kopp

Love Greg Koch, though this is my first book I've ordered, I have watched a lot of his videos. He is clever and witty, so it makes the learning a lot more fun. I have been playing for a long time but am just starting to get into chicken picking and he has a great teaching technique and keeps things interesting. I would also recommend his DVDs
