HOMESTEAD KITCHEN: STORIES AND RECIPES FROM OUR HEARTH TO YOURS BY EIVIN KILCHER, EVE KILCHER

PDF

The first cookbook from homesteaders and co-stars of Discovery's Alaska: The Last Frontier Eve and Eivin Kilcher features appealing recipes for anyone looking to live more sustainably, healthfully, and independently, regardless of where and what they call home.

Eve and Eivin Kilcher, stars of the hit Discovery show Alaska: The Last Frontier, are experts in sustainable living. Homesteaders by choice, the couple has had to use their self-reliance skills to survive harsh winters in the Alaskan wilderness and raise a thriving family. In their debut book, the Kilchers share 85 original family recipes and advice on gardening, preserving, and foraging. The tips and techniques they have cultivated from their family and through necessity will help anyone looking to shrink their environmental footprint and become less dependent on mass-produced food and products. Stunningly photographed in and around their handmade home and farm, Homestead Kitchen illustrates that taking on small-scale sustainable projects is not only possible in a suburban/urban setting, but ultimately a more responsible and gratifying way to live.

Beautiful and Functional. Win-Win.

By E. Wasielewski

What a wonderful cookbook to add to my collection! I have already read it cover to cover. Great writing by both Eivin and Eve- I could totally hear their distinct voices in what I was reading, and found myself chuckling often as I read. The pictures of the family are so charming- finding Findley right at the beginning completely set the tone for the book and it was so heartwarming to see. I love the tone of the homesteading advice- completely informative and "this is how we do it" without being preachy or proclaiming that their way is the only way. Eve suggests right at the beginning that one should feel free to play with the recipes for available ingredients, and then carries that throughout the book. I've already made the Blueberry Muffins and

the Chicken and Barley Soup, and both are winners. This book will be used often- as a recipe book and as inspiration.

Seriously- the best recipes, photo, family story book ever!

By michelle stoner

Love the stories, photos and recipes. All the ingredients bring back memories from my grandparents farm in Michigan :)

I'm looking forward to trying the dark chocolate cream pie and onion marmalade!

15 of 17 people found the following review helpful.

Great for fans of the show, or fans of food!

By Barbara

Love, love, love this book. First off, the photographs are beautiful and it's just nice to look at, but I also love the recipes and the stories. I made the roasted root vegetables last night and they were awesome. The recipes are wholesome but not always low fat (although you can probably change them to suit your needs). I am a big fan of their show and was so happy to see they wrote a book too. The reason I didn't give it a five star rating is because I was hoping for more canning recipes when I bought it. Outside of that, I would definitely recommend it for anyone who likes to cook simple, healthy, home-style meals.
