A love story that can only end in tragedy...

She was never part of the plan.

She was never to become anything.

She was simply a payment, and once the debt was settled, she would be nothing to me.

She thought her life had changed in a blink of an eye the moment she came home to see her father strapped to a chair, a gun being held to his head. It was my life that changed that day, not hers.

The blood of my enemy ran through her veins, and no matter how much she wanted to save me, she never would have. I am a monster. I can't be saved. I would consume the world in a blaze of fire before my need for vengeance was ever fulfilled.

They say the truth will set you free...

I thought she had betrayed me in ways I never expected, but in the end, it was I who had committed the ultimate betrayal.

Doubts ruin, truths hurt, and just one lie can destroy an entire army. If being the king has taught me anything, it's that everyone desires the truth, but no one wants to be honest.

The monster inside of me has been set free, and I will stop at nothing to destroy my enemies.

I am a living, breathing, killing machine... This war has just begun.

Bad. Just really bad.

By smr

I bought both books at the same time based on the reviews. I will never do that again!!

These were some of the worst books I have read since getting my kindle a year ago and I've read over two hundred books. Not only was the editing horrible the H/h were horrible as well. One minute they are acting tough and cocky and the next they are acting weak and ridiculous, BOTH of them. There were times when it felt like the author was trying to fit every horrible cliché known to man kind in before it was over. The h was mouthy toward the Mafia! Yet for some reason she is allowed to get away with it..ok, not believable at all. The so called Mafia king goes around killing people in cold blood for years yet Bree is able to stop him by simply telling him how wrong it is. Just bad bad bad! I'm sorry, I'm sure the author worked really hard on this book but no fricking way does a "Mafia king" become an FBI agent!!! Nope not even in book world.

Excellent HEA for the relationship with Zerro. The cliffhanger from Indebted (A Kingpin Love Affair Book 1) was pretty scar. I loved the way that she turned the whole thing around. I really thought that she was in a bad place, but it pulled together really well in the end.
