CAN THEIR LOVE SURVIVE THE MOST SHOCKING REVELATION?

SEXY COLLEGE SENIOR Jamie Atwood has fallen hard for MMA dark horse Michael “the Machine” Kage. With his hot muscled body, intoxicating green eyes, and proclivity for rough sex, Kage is a potent aphrodisiac to the innocent boy-next-door. The danger, the intrigue, the feel of his strong hand around his throat, the knowledge that his fighter would kill or die for him. From the moment Kage grabbed onto his hips and channeled all that masculine aggression into claiming his body, Jamie was ruined for anyone else.

PASSIONS RUN HIGH as the lovers try to assimilate into each other’s lives: coming out to family and friends, blending into the high-profile MMA world, dealing with Kage’s sketchy uncle. But behind Kage’s mask of strength and indifference lies a crippling vulnerability, and a devastating secret. As the mask comes off, past traumas surface, dark desires spin out of control, and the damaged fighter is driven to hurt the man he loves more than life itself.

Hot, Smart...and then some... Wow!

By Pinkerbelle Rex

The third book of the KAGE trilogy puts a luscious cherry atop what is one of the most riveting male/male romance series that I have ever read. If you have not read these books, run, don’t walk, and get them. You will not be disappointed. Mixed martial arts fighter Kage is the ultimate mix of alpha, intrigue, and hotness, and college cutie Jamie is the personification of luscious boy-next-door with pluck. When these two laid eyes on each other sparks ignited and author Maris Black fanned the resulting flame into a fiery inferno of profound romance that is hotter than a Molotov cocktail. I could do nothing but keep turning the pages, muttering “Duh-am...”

This latest book finds Kage and Jamie confronting Kage’s personal demons and outing themselves to Jamie’s family and friends. The events are not without complications as Kage’s villainous uncle finally shows his true face. I’m not one to write spoilers so I’ll just speak on what makes this book just as sensational and dizzyingly perfect as the previous two.

For one, the pacing is dynamic; there are no wasted words. From the dialogue through the mesmerizing behind-the-scene glimpses of the world of MMA fighting, each episode contained the appropriate amount of stimulation to make my heart rev a little faster with anticipation. Events play out at a good clip, but grant Kage and Jamie plenty of time to convey a full range of believable emotions that made me love these well-developed characters even more.

Secondly, all of the love scenes are just that, love scenes. From the lust-induced, rock hard, visceral sex scenes to the couple's playful teasing encounters, the language and events are doused in the sweetness of romance. This is lovemaking at its best... Kage and Jamie were falling deeply in love and with each scintillating scene I felt privileged to experience their joy. And perhaps that's the secret of this series' success...you get to experience falling in love again and again.

And lastly, kudos to the author for getting the nuances of the fight game correct and showing restraint in sharing overmuch. Excellent research and skillful information weaving translated into wonderful vignettes of color that put a lovely stamp of masculinity on the story and added a tangible blood-sweat-and-bone note that is the true essence of the fight game. Grounded in authentic details, a fighter's diet, making weight for a fight, the press conferences, and the adrenaline overload, the love story of Kage and Jamie plays out beautifully and the end is to-die-for. This is definitely a not to be missed story and series. I almost envy a new-to-the-series reader's awaiting journey, but—yet another gift—the books are eminently rereadable!

Thank you, Maris Black, for writing all the right things to make my mouth fall open...smiling, panting, laughing...in love.

Epic!

By Nualla D.

Ahhhh! That ending! I am in love all over again with this series. Kage you are a boss! I loved that last chapter so much! There is no way that I can see it as the ending when really it was an epic beginning!

Now, there were some parts that were totally sad to read. I cannot imagine what Kage must have felt, about everything he went through in life. He is such a strong man to be able to just keep living and doing what he loves (including Jamie lol) to know he was manipulated so badly by his uncle was surreal. How could a man be so horrible to his nephew? To control him in every aspect, to try and force him to live a life of unhappiness just because it didn't fit with his plan was sickening. I was so glad when he was out of the picture.

Jamie as always was so adorable, I was happy to read how comfortable he was with Kage now that they were finally reunited how they were supposed to be. Daddy Atwood still takes the cake as my favourite family member. And I was so happy to read that Daddy Atwood gave Kage the "talk" .... Sigh how adorable.

Now I just want to read about them all married with kids, or dogs or even gold fish. Their lives are really only now beginning and I am so happy for them. At the end of this book, it definitely put a smile on my face (after the roller coaster of emotions that is lol) I loved it. 5 beautiful stars!

Wow....

By Ricci

Wow. This went somewhere I didn't expect. Put all three books together and it's an intense action movie.

Couldn't put it down and I'm still processing some of it, kind of can't believe parts of it. At the center, though, remains Jamie and Kage and their obsessive need and love for each other. Leaves you breathless.
