MORNING TEA CUPCAKE HEAVEN: YUMMY ADULT COLORING JOURNAL BOOK (ADULT COLORING BOOKS) (VOLUME 4) BY SUE MESSRUTHER PDF

Morning Tea and afternoon tea times are moments you spend with friends, family, yourself or someone special.

I love these moments when I get to share these moments and I felt it should be celebrated!

So I created this rather mouthwatering cupcake moments to color on one side while you have a lined page on the other.

The lined pages give you an area to write down something special you want to remember, or a special recipe of a cupcake, maybe it was something that happened that day or as many coloring fans are now doing are writing down what colors/pencils etc they have used so they can reuse on another image or tell their friends when they share on facebook!

So now you can bring out the artist within you even if you haven't picked up a pencil since your childhood days. You too can find this a relaxing activity. While you color, your mind will relax along with your body as imagination takes flight and remember, there are no rules, no color mistakes. It is your creation, simply focus on your creativity and be proud of your masterpiece!

Love it

By Amazon Customer

I only gave it 4 stars because of how thin the paper is. But other than that it was the perfect thing for me. My kitchen is done in cupcakes and teapots. My friend and I enjoy getting together and having tea. So other than the pages this is a lovely coloring book. Thanks Sue Messruther!!

Not what I hoped it was.

It's hard to tell what a coloring book is like if you can't see the pictures beforehand. I will add photos later. The art seems more like a kids coloring book as there is little detail compared to other books I have bought, such as the Creative Haven books. The paper is thin.
