fine but incomplete

By EH

I think that the drawings in this book are very good and the fact that you don't have to cut the edges makes it more comfortable but it's incomplete because it lacks some costumes (including the beautiful pastelled "first kiss" one on Naboo and the silver one in Coruscant).

Gorgeous costumes-way to go George!

By Guinastasia

Once again, George Lucas's costume designers have outdone themselves! If you thought the ensembles of Episode One were beautiful, wait until you see these!

The drawings are lovely, the colors bright, and I cannot wait to see these in the film. The only problem is that some of the dresses do not include the proper headdress, so Padme's hair looks quite plain.

Other than that, great job!
