SHE WHO RESTORES THE ROMAN EMPIRE: THE BIBLICAL PROPHECY OF THE WHORE OF BABYLON BY DAVID CRISWELL PDF

Of The Biblical prophecy of the Whore of Babylon St. Augustine said that the Church of Rome would one day apostatize while St. Jerome hinted that the day of apostasy may have already begun, but today even many Protestants reject this notion arguing instead that a new Babylonian kingdom will arise in Iraq. She Who Restores the Roman Empire is a thorough survey of this controversial prophecy. It examines the prophetic interpretations throughout history and shows their impact upon history. It shows how the prophecy itself helped shaped the Reformation and counter-Reformation. It also discusses the newer interpretations which predict a revival of ancient Babylon or a global New Age religion. Dr. Criswells conclusion is based on thorough exegesis and on historical precedent. He contends that it is the Harlot who will initiate the restoration of the Roman Empire and the anti-Christ will initially be his puppet before turning on her and destroying her great city. Napoleon was an archetype of the coming anti-Christ who will promise a new world but deliver destruction."David Criswell has done an outstanding job in handling the subject of Babylon the Harlot in the book of Revelation. As a Tyndale Seminary graduate student, he was a thorough researcher and scholar. No matter what your view on the "Babylon" issue, this book is a classic at analyzing the subject. The reader will find this treatise a fascinating adventure in Bible study."Dr. Mal Couch, president, Tyndale Seminary

Fair and Balanced

By Evelyn Wells

The above reviewer betrays his own biases with some of his remarks. For one thing, Pre-Tribulationism is a minor aspect of the book. It has over 1350 footnotes, so simply claiming that the quotes from the Church Fathers are lies is not a response. You don't have to agree with the authors conclusions, but the emotional reaction against "reformational" theology is not a fair and balanced reaction. The book is well documented, although it does contain many errors which a good publisher would have caught.

It should be noted that the book was written as a dissertation, so it is geared toward an educated evangelical Christian audience, which is one reason that the above critic may not have received the book well. Overall, it is an interesting, but heavy, reading. I give it three or four stars.

Could benefit from recent scholarship and more

By PeacefulSeeker

Reads great--I enjoyed it much like the DaVinci Code, but with a great deal of informed skepticism.

Plus it needs to be proofread for textual errors. Page 206 refers to a "Nazarite Sect" and I think it was supposed to say "Nazarene." There are other problems like that.
