Fireworks!

By Romazing Reader

This battle of wills is so hot! This second installment gives even more of a glimpse of what's ahead in the turbulent saga of Lillian and Trent. It definitely shows more of the selfish and overpowering sexual side of the commanding CEO, and the desperate and vulnerable side to the wildly mouthy Lillian. Even though I'm not a big fan of a story being dished out in little bites...These short serials are a really quick read and keeps me wanting more...

Trent Blackwell is one sexy beast with the ladies! Powerful, controlling and the unattainable prize for all the socialites...but all Trent's focus is on one fiery beauty...the seemingly untamable creature, Lillian Jones...

Oh my, did the sizzling sparks fly when Lillian Jones comes before the gorgeous, intimidating spectacle that is Trent Blackwell! What an interview! All of Lillian's stubborn pride rears up in full force when that insufferable, demanding CEO tried to dictate her personal life...no one squelches her independence...especially that unbelievably sexy and dominating excuse of a man...who now consumes her every thought and every secret dark desire...

Trent is stunned..Did Lillian Jones just storm out of his office?! How infuriating! She's perfect, and not just for the job either, but for him. Her crazy outburst just proves that Lillian is no fragile flower, just wild and undisciplined...Challenge accepted Ms.Jones...Trent knows exactly what she needs and how she needs it, by his hand...

This story is getting so good! I can't wait to get book three!

Book 2 of this series is even better Oh YES

By shweetsandi

Book 2 Is even better than Book one in this series. OH yes Bella Forbes you have now got me for the entire series my dear. Lillian has made it to the interview how be it a tad bit late. She had met her match in billionaire Trent Blackwell and let the games begin. There is so much I want to say about book 2 but I can't or I will get the story line away. There is so much I can see possibly happening between these two characters and while I have no idea if Bella Forbes will take them down the patch of D/S or not man oh man how rich would it be.

Again look for the hidden jewel in this book not related to the main 2 characters. Look closely or you might miss it.

If you have Kindle Unlimited you can borrow all the books one right after the other. I was gifted book 1 and 2 for an honest review and now i am off to borrow the rest from KU

Overall good series so far

By Melissa Mendoza with Alpha Book Club

Received a copy in exchange for an honest review

“He spun her around to face him, eliciting a gasp of surprise from her, and pushed her up onto the bed. Her breasts heaved over her low-cut gown as he towered over her. Trent slid his huge hand into her bodice and pinched her nipple.”

4 stars, book two is so much better than the first book!! I really loved the heat that that flowed in this book!

Wow, this book was smoking hot and so steamy. This book had so much more story to it than the first one!! I will admit I wasn't sure if I wanted to continue with the series, but I'm glad that I did, it was so much better!!
