What a breath of fresh old air!

By Rena

Thanks much to those who converted this book. This book is a look back to the level of skill that was once required. Without the crutch of sex and violence, the author paints pictures of the scenes and characters with words. Once the images are in place, the plot is skillfully moved forward in such a way that you are happy to turn the page (rather than merely want to turn the page).

I agree that this book is probably for a smaller audience. We have become so used to reading sex and violence that ideals like honor and compassion seem to be uninteresting. If the reader is missing these characteristics, this book is not for you.

Very sweet

By Amazon Customer

An old fashioned story of faith . It probably wouldn't appeal to those who like modern lit, but I enjoyed it very much.

1 of 1 people found the following review helpful.

Not that good!

By Lou

Well, once again Ann Stephens has written her usual book! Full of unnecessary lengthy prose and short on plot. The book was okay. I just don't think she is a very good writer and this is the last book I will read of hers. They always end right but you don't have time to savor the good (one page!), after all the pages and pages of bad!
