A Wonderful Airbrushing Book Filled With Numerous Pages that Include Step by Step Instructions.

By Destiny242

Laurus has created a wonderful art book that takes the reader through his personal step by step process. This book has detailed information that can help other artists create similar mural art and illustrations. All supplies are listed as well as technique. It is clear that his murals transform small and large buildings as well as interior walls, into notable artwork that catches the eye and brings a smile to the viewer's face. With the colorful images on each page it is a real "page turner". Worth every penny! I enjoyed reading this book. A big Thank You to Laurus, for sharing what he knows with all of us.
